Fresher Data Analyst

Entry-level Data Analyst and B.Tech CSE (AI & ML) undergraduate with hands-on experience in data cleaning, analysis, dashboard creation, and reporting using Excel, Python, SQL, and Power BI. Experienced in working with structured datasets, KPIs, and real-world ML-backed systems to support data-driven business insights.

Work Experience

Machine Learning Intern

Jan 2025 – May 2025

DRdotSolution (Remote)

- Worked on backend ML integration for a Number Plate Recognition system using YOLOv5.
- Built end-to-end pipelines including image preprocessing, model inference, and API integration.
- Optimized inference workflows, improving processing speed by 35%.
- Developed a Retrieval-Augmented Generation (RAG) chatbot using structured restaurant menu JSON data.
- Improved chatbot response relevance by 40% using vector-based retrieval techniques.
- Assisted in testing, validation, and documentation of ML outputs for deployment readiness.

Projects

Excel – Vrinda Store Sales Data Analysis

- Cleaned and processed 10,000+ sales records ensuring data accuracy and consistency.
- Built interactive Excel dashboards using Pivot Tables, slicers, and KPIs.
- Analyzed monthly sales, customer segments, and product categories.
- Identified top 5 revenue-generating products and seasonal demand trends.
- Reduced manual reporting effort by 60% through dashboard automation.

End-to-End Cricket Data Analytics (Python & Power BI)

- Scraped and structured 5,000+ match and player records using Python.
- Cleaned and transformed data using Pandas, improving data quality by 70%.
- Analyzed 15+ performance metrics including strike rate and economy.
- Built Power BI dashboards to visualize player comparisons and performance trends.

Skills & Competencies

- MS Excel (Advanced formulas, Pivot Tables, Dashboards, Slicers)
- Data Cleaning, Validation, Trend Analysis, Business Metrics
- SQL (Joins, Aggregations, Data Extraction)
- Power BI (Data Modeling, Interactive Dashboards)
- Python for Data Analysis (Pandas, NumPy)
- Power Automate, Excel-based Process Automation

Courses / Certifications

Deloitte Data Analytics Virtual Experience (2024)

Accenture Data Analytics Virtual Experience (2024)

Education

B.Tech in Computer Science Engineering (AI & ML)

2022 – 2026

Mallareddy University, Hyderabad

CGPA: 8.63
